

PromoterPilot™

PROMOTERPILOT™ RESOURCE

PromoterPilot Features & Pricing

Proposed introductory pricing and current feature availability.

Status note: PromoterPilot is in its founding-venue pilot at InTune Supper Club, Farmington, NY. National early access is now open; nationwide commercial deployment has not begun. Features marked "Pilot" operate at the founding venue only; "Built - Pending Activation" and "Planned" items are not yet available. Pricing is proposed and subject to final terms. No paid subscriptions are active.

Proposed Plans

- Artist: FREE
- Venue Starter: \$39/month, or \$29/month billed annually
- Venue Pro: \$99/month, or \$79/month billed annually
- Venue Business: \$199/month, or \$159/month billed annually
- Enterprise: custom pricing

All venue plans are currently Early Access — Join Waitlist. Pricing is proposed, subject to availability and final terms.

Starter (planned)

Artist profiles, basic calendar, booking requests, venue dashboard, basic notifications.

Pro (planned)

Everything in Starter plus negotiation tools, contract management, multiple stages, promotion workflow, financial tracking, staff permissions.

Business (planned)

Everything in Pro plus expanded management tools, advanced reporting, additional users, enhanced integrations, priority support.

Feature Status

- Pilot: artist registration, private artist dashboards, artist profiles, booking calendar, booking requests, booking status tracking, double-booking protection, Eventbrite calendar integration, management review workflows, artist recruitment tracking, registration communications
- Built - Pending Activation or Verification: electronic contracts, electronic signatures, event publishing, promotion approvals, financial settlement, payment recording and tracking, staff permissions, marketing approval workflow, financial reporting, real-phone promotional uploads, General Manager permissions, multiple-stage scheduling
- Planned: independent commercial venue accounts, national artist network, cross-venue artist discovery, intelligent artist matching, automated venue booking rules, emergency performer replacement, advanced profitability analytics
